

Please do not let LPFM stations take priority over current FM translator service. I listen to K-LOVE on FM. This is the only commercial free christian radio station that can be reached in this area. It is wholesome and uplifting. It gives world news without getting into who is killing and raping who. It is unbiased in reporting the news, it gives facts, not commentaries as most news stations do. It does not distort and sensationalize news. Many people (I have seen lots of bumper stickers and talked to people who listen) listen to this station in The Dalles and outlying areas. I cannot get any radio stations where I live down in a canyon and would be lost and let down if I could not listen to KLOVE on the way to and from work and at work. Leave things the way they are.
